ABOUT THE INSTRUCTOR

Inspector Marx Howell is a 32 year veteran of the Texas Department of Public Safety, a graduate of the FBI National Academy, holds a Bachelor of Science Degree in Criminal Justice, and served in the United States Marine Corps. He started his career as a state trooper in the Traffic Law Enforcement Division and promoted through the ranks to Captain in the Criminal Law Enforcement Division and then to Inspector. He has 48 years law enforcement experience.

He has served as Vice-Chairman and Chairman of the Cold Case Review Team sponsored by the Sheriffs' Association of Texas since 1985. This twenty four-member committee composed of city, county, and state police officers, a police psychologist, and a neurosurgeon meets quarterly to provide law enforcement agencies assistance on unsolved sexual assault and homicide cases. All members have extensive investigative experience and training in criminal personality profiling.

Marx is a graduate of Dr. Martin Reiser's Law Enforcement Hypnosis Institute in Los Angeles, as well as many other hypnosis schools and holds an Investigative Hypnotist Certificate with the Texas Commission on Law Enforcement Standards and Education. In addition he participated in the development and implementation of the organized forensic hypnosis program for the Texas Department of Public Safety. He has served as president of the Texas Association for Investigative Hypnosis (TAIH) and the Capital Area Police Officers Association. He is currently a board member of the International Society for Investigative and Forensic Hypnosis and has authored several hypnosis articles published in law enforcement and mental health journals in the United States, Canada and Australia. He has received numerous awards, from International Hypnosis Organizations, for his achievements in the hypnosis profession.

He conducts seminars, workshops, and training courses for over 2,200 people annually in the law enforcement and corporate sector. He trained Texas Rangers in Basic and Advanced Forensic Hypnosis Interviewing Techniques and most recently provided them training in Criminal Personality Profiling – Criminal Investigative Analysis.

In 1986 he proposed to members of the TAIH that they support legislation establishing mandatory training, testing, and certification of police officers who use hypnotic interviewing techniques. Senate Bill 929 was passed by the 70th Session of the Texas Legislature making Texas the only state in the USA mandating such requirements. Hypnotically refreshed recall is admissible in Texas in both criminal and civil cases provided prerequisites are followed.

Marx is a **T.C.L.E.O.S.E.** approved Law Enforcement Instructor.

Advanced Criminal Investigative Analysis – April 20-22, 2010 www.marxhowell.com

Marx Howell is an outstanding instructor with tons of information. This is one of the best classes I have ever attended. This class should be required by TCLEOSE.

Det. Steve Gilcrease – Nacogdoches PD – 15 years

Great Information! Wish the course was longer. I feel this class will help me understand crime scenes and assist me when investigating offenders.

G. Freeman – Gregg Co. SO – 22 years

This class was very informative and relevant to my job. In 13 years of Law Enforcement I have never attended a class that was as comprehensive as this one. The material covered is interesting and useful.

Pamela Dunklin – Smith Co. SO – 13 years

Very good class crammed with useful information.

Jonathan Adams – Nacogdoches PD – 12 years

My eyes were opened to the mistakes I have made by not going more in depth in my questioning of victims and offenders. During this 3 days I'm more observant than before. It was the best class I have attended since graduating from the academy.

James Casey – Gilmer PD – 5 years

The course was great, I wish I had it several years earlier. Lot of good information. I will look at crime scenes a lot differently now. This was a good educational course.

Debbie Casey – Quitman PD – 20 years

This was a very well prepared class. I recommend the instructor & class for all officers attendance to develop a better understanding of criminal offenders. Everyone can and/or will leave the class with new or reinforced knowledge. This can only improve the skills necessary to solve and/or understand criminal activity. Law enforcement refusing to improve their skills are no longer law enforcement.

Ronnie Foster – Anderson Co. SO – 23 years

Marx is an excellent teacher with a wealth of knowledge. This is my second opportunity to attend a training class taught by him. I have looked back on previous cases and can see where I have missed things that would have helped further the investigation. The material in this course is very useful and should be taught early in an officer's career.

Scott Morrison – Gregg Co. SO – 17 years

EYE-OPENING. The videos were very graphic, but contained a lot of useful information.

Deputy J.C. Bonet – Cherokee Co. SO – 10 years

This was one of the most informative and interesting classes that I have ever attended. I have worked sex crimes for 12 years out of 16 years I have been in law enforcement. I have never been to training as interesting and informative as this one. Great Job!

Michele Scroggins – Loneoak Co. SO – Loneoak, AR – 16 years

Inspector Howell's appearance, knowledge, and expertise are impeccable. This concise training is an outstanding resource to give the professional investigator insight into the complexities of the criminal mind. If you find yourself in the room face to face with a psychopath, you'll be glad you had this training.

Investigator Mike Augustine – Gregg Co. Dist. Atty's Office – 20 years

Sumter County Sheriff's Office

Sheriff William O "Bill" Farmer Jr.

1010 N. Main St.

Bushnell, FL 33513

WARNING

Inspector Marx Howell, Retd.
Texas Department of Public Safety

These training classes are not for the faint of heart as they contain some graphic crime scene photographs and videos which can be disturbing to some.

The information used is not for sensationalism, but is used to make specific teaching points which are relevant to investigative concepts, principles, and criminal offender behavior .

I would not want someone to attend these training classes unaware that actual cases are being presented and then be offended by the graphic nature of information.

WARNING
